

PRAYERLETTER

Marghita, Romania
Februari 3, 2017

Dear Intercessors!

It is so good to know that you are with us in prayer! We believe in prayer because we have seen its results, particularly during these years in Romania. It means a lot that you pray for us.

Pray for protection and blessing for all our children and young people and of all those who work with them. Around seventy people work in FCE's various projects and we often hear from them that they are dependent on God's guidance. It is His work and we want to be His instruments.

Some specific prayer requests are:

Pray for the children in the family homes who have contact with their birth families. Integration may seem good, but many times it is a strange and inappropriate environment for the children.

Pray for more leaders and activities in the Club.

Pray for a media person in FCE and an administrator for the website in EFI Fadder, Sweden.

Pray for the country of Romania! Perhaps the protests, as we see today, could turn feelings of apathy into hope, a hope for change. Pray for a spiritual revival!
